MESSAGE FROM THE CHAIR

2020 - A Year We Will Never Forget

Greetings IPARKS members! As always, we, the IPARKS Board of Directors, want to thank you for your membership. But as we close out 2020, and hopefully start closing the door on the COVID-19 pandemic, we would like to especially thank you for all that you did to best serve your communities during the most trying year any of us can remember. We are so proud of our members!

The COVID-19 pandemic presented challenges unlike any we have faced before, and the members of IPARKS rose to the occasion! When the pandemic forced the closure of playgrounds and exercise equipment, IPARKS members responded by posting virtual fitness workout videos and other fun activities on their Facebook pages (Urbana Park District). When outside recreation could resume but indoor gyms remained closed, IPARKS members moved their fitness classes outdoors (Quincy Park District). To ensure those who were high risk could maintain exercise regimens and human interaction, IPARKS members offered virtual programming (Veterans Park District and New Lenox Community Park District). To keep everyone safe while using park facilities, IPARKS members posted new or updated park signage to reflect COVID-19 protocols. And the citizens of Illinois certainly appreciated all of this effort, creativity and hard work. Illinois saw unprecedented use of parks during the pandemic!

While the COVID-19 pandemic impacted how IPARKS members serve their residents, it also impacted the many ways IPARKS serves its members. I would like to take this opportunity to share some 2020 highlights.

EXPANDED SERVICES

IPARKS understood that the pandemic was going to cause financial hardship to its members. Thus, at the onset of the pandemic, IPARKS returned 10% of each member's net 2019 contribution to assist members with their risk management efforts related to COVID-19 and any related loss of income.

In addition, the IPARKS Grant, which entitles every member to receive up to \$500 in grant funds, was expanded to include personal protective equipment, disinfectants, protective gear and other items to assist with risk management efforts related to COVID-19.

NEW RESOURCES

IPARKS provided its members with relevant and timely risk control resources to assist members as they navigated the pandemic. Best practices, waivers, articles, assistance with Illinois FEMA grants, guidelines for reopening aquatic centers and for returning equipment to use after the shutdown were just some of the documents added to the eLibrary. Online training modules covering topics such as contact tracing, pandemic response, and

return to work, were offered. On the human resources front, a number of federal laws were implicated under pandemic guidelines such as the Americans with Disabilities Act and the Family and Medical Leave Act; webinars, seminars, articles and best practices addressing these and other laws were made available to help guide members through these unprecedented times.

STRONG FINANCIAL POSITION

As you will see in the following pages of this report, IPARKS had another strong year financially and closed out 2020 with a net position of \$19,138,130 up from \$18,176,400 in 2019. We have you, our members, to thank for IPARKS' continued success.

In these challenging times and in the years to come, IPARKS will continue to deliver on its promise to provide customized coverage, relevant and topical training and educational resources as well as valuable member services. We look forward to serving you as, together, we continue to make IPARKS the premier risk sharing pool in Illinois. Be well.
