we're glad you're here!

Message from the Chair

Congratulations IPARKS members on another successful year in 2022! We had record-breaking growth and welcomed five new agencies to our membership: Charleston Township Park District, Saline Valley Conservancy District, Dixon Park District, Summit Park District and Kewanee Park District. Welcome to IPARKS!

New members are continually being attracted to IPARKS because of what our current members already know: that at IPARKS, we make risk management easy. We empower our members to provide safe places to play, relax, and enjoy. We do this through our numerous programs, fresh and engaging training opportunities, vast resources, broad coverage and value-added services. Check out page 8 to see some impressive statistics on our members' use of these programs, resources and services throughout 2022.

As impressive was how our members embraced the new Brand Ambassador Program. We redesigned the IPARKS logo and redefined what an IPARKS membership means, and then looked to our members to get the word out. Ninety-one members participated in the Brand Ambassador Program, sharing with others what IPARKS is about. We appreciate

the enthusiasm surrounding this program and enjoy seeing the new brand showcased throughout the state.

To stay ahead of potential risks and safety concerns, IPARKS provided numerous resources throughout the year such as best practices, checklists, safety articles and webinars to ensure our member communities can safely enjoy their facilities. Our content also helps members mitigate risk for their employees and property. The just-in-time seasonal content delivered directly to our members' inboxes included topics on driving safety, aquatic facility best practices, serving alcohol best practices, active shooter resources, bounce house safety checklist, de-escalation webinars, contracting use of facilities in park districts, and park district liability and immunity considerations for Fall and Winter, to name a few.

As you will see in the following pages of this report, IPARKS had another strong year financially and closed out 2022 with a net position of \$19,655,068. We have you, our members, to thank for IPARKS' continued financial success.

As we welcomed new members in 2022 and will welcome even more in 2023, IPARKS continues to deliver on its

promise to provide customized coverage, valuable resources and outstanding service, making risk management easy. We look forward to serving you as, together, we continue to make IPARKS the premier risk sharing pool in Illinois.
