Illinois Parks Association Risk Services

A photograph of a winter landscape. In the foreground, there are rolling hills covered in a thick layer of snow. Long, soft shadows are cast across the snow, suggesting a low sun. In the middle ground, a line of evergreen trees stands against a bright, golden sky. The overall mood is peaceful and serene.

LETTER FROM THE CHAIR

Salt Creek Rural
Park District

As the Chair, I am writing to you on behalf of the Board of Directors to share some exciting updates regarding the IPARKS program from the past year. First, Risk Management continues to be a cornerstone to enhance safe community engagement and promote sustainable outdoor activities. Also, your IPARKS service team continues to serve and provide resources for IPARKS members now and into the future.

IPARKS has always taken great pride in its high level of member service, and 2024 was no different. **We introduced a new claims intake portal**, providing a quick and user-friendly way to report new claims directly to the service team. Additionally, IPARKS conducted a member satisfaction survey in which we received valuable feedback from our members. The IPARKS service team was able to analyze the responses and provide specific resources to our membership.

Our communication efforts providing eblasts, newsletters, advertisements, and an annual calendar proved to be a success, driving traffic to **our online resource eLibrary**. There, members accessed **over 2,500 additional documents and online training courses**.

New members were added to the IPARKS pool, and we are thrilled to have them with us, now **totaling over 180 members**. We appreciate all our IPARKS members and thank you for your partnership and loyalty to this premier risk-sharing pool. We firmly believe that the IPARKS program not only assists in enriching the quality of life for our member communities, but also contributes to the preservation of our environment.

As we continue to grow and develop, we welcome your feedback and suggestions on how we can improve our initiatives as we are committed to enhancing our services further.

Thank you for your continued support and dedication to making our parks, conservancies, forest preserves, and special recreation districts a vital resource for everyone.

Warm regards,

KEVIN YATES
